Guidelines for New Customizations Designs

SOUNDFREQ®

Custom Color/Logo/Graphics Patterns

- Your custom graphics will be produced by the state-of-the-art printing technology.
- A wide range of designs can be printed. There is no issue with multiple colors or even fairly detailed graphics and the printed artwork is durable.
- The custom color can be specified by Pantone, RGB/CMYK color.
- **Color variation:** Like other color printing, there may be minor color variation compared with the original artwork. Printed sample will be made for review and approval prior to actual production.
